Island Tug

ITB 5

The **ITB 5** is a special purpose vessel with a capacity of 10,000 barrels. It is certified to carry both bulk oil and deck cargos.

Equipped with three independent pumping and discharge systems, the ITB 5 can carry a variety of different products in ten separate tanks. The ITB 5 is equipped for closed loading and vapour recovery, with a common vent/overflow system that connects to shore side vapour systems. The ITB 5 is equipped with a large bow ramp and a wood sheathed deck for the carriage of heavy equipment and deck cargos.

The ITB 5 carries packaged petroleum products and bulk propane which are delivered via mobile machinery carried on deck. ITB 5 normally trades between Vancouver, and the coastal communities of British Columbia.
